When you sign and date legal documents this new year, it would make sense to shorten 2020 to 20, wouldn't it? Apparently not, according to law enforcement, who are warning that this habit could put you at major risk of fraud.

The problem stems from the ease at which the year 20 can be changed to any date from the last two decades. For example 04/01/20 could easily be changed to 04/01/2017, giving scammers a chance to defraud you.

“When signing and dating legal documents, do not use 20 as the year 2020,” a [Facebook post](#) by the East Millinocket Police Department said. “March 3, 2020 being written as 3/3/20 could be modified to 3/3/2017 or 3/3/2018. Protect yourself. Do not abbreviate 2020.”

Dusty Rhodes, Hamilton County Auditor, concurs. He said via [Twitter](#): “When writing the date in 2020, write the year in its entirety. It could possibly protect you and prevent legal issues on paperwork. Example: If you just write 1/1/20, one could easily change it to 1/1/2017 (for instance) and now your signature is on an incorrect document.”

**With winter here PLEASE REMEMBER:  
NO PARKING ON VILLAGE STREETS FROM  
2:00 A.M. TO 6:00 A.M.**

**TICKETS will be issued and vehicles will be TOWED**

**The Village Public Works Department regrets the additional snow at the end of your driveways. Also Please be sure to remove your trash cart from the side of the road or alley after it's dumped as it can get in the way of plowing. Thank you!**
